Description;

The project brings together longed-for comfortable living spaces with investors in Büyükçekmece. Dream-like living spaces await you in the project, which is frequently mentioned among Istanbul housing projects. You will challenge mediocrity with its unique sea view, wide social facilities and modern architecture. Functionally designed residences will not only respond to your daily needs and wishes, but will also save you time with their technology-compatible structure. You will have a privileged investment opportunity in the project where residential and commercial units are located together. The houses for sale in the project will enable many investors to win today and in the future with convenient payment terms and a personalized payment plan.

The Project: Transformation Open Living Spaces

A new housing project is being added to Büyükçekmece, one of the living centers with high investment value on the European Side of Istanbul. The project provides investors with more comfortable living spaces with its environmentally friendly and smart designs. Everything is thought through to the smallest detail to ensure structural reliability.

The suitability of the ground was checked before the project was built. Earthquake and insulation regulations were complied with in the project, which was implemented according to the results of the ground survey. Robust and reliable living spaces await you in the project residences, where the building inspection is also carried out. In the project, where you will have sheltered living spaces against natural disasters, everything is thought out to the smallest detail for the investors. You will have the life you dream of in the project residences, which will always bring the peace of blue to your home with its unique sea view. You will have functional living spaces in the project, which combines stylish and modern designs. In the project where aesthetics and harmony play an important role; There are 142 units and 14 commercial units.

You Will Enjoy Contemporary Comfort in Every Period
