Description;

This Company presents its new this project. The complex will be located in the beloved area of Alanya-Mahmutlar.Without changing traditions, the project of the complex has been worked out in detail by our best architects and thoroughly thought out to the smallest detail. The construction will use environmentally friendly materials of the highest quality and modern technologies.

The main priority of the project is the immediate proximity to the sea, only 150 m. Overnight, the entire developed infrastructure of the city is located within walking distance.

The complex provides all the infrastructure for the most comfortable living and recreation: swimming pool, sauna, hammam, Jacuzzi, fitness, well-groomed garden, video surveillance and security system.

The project is planned to be built on a plot of 1.173 sq.m. The project consists of one 9-storey block and 40 apartments of various

Characteristics of the apartments:

Steel entrance doors

PVC windows with double glazing

Floors - tile

Walls – waterproof paint
