Description;

This project is developed to reveal its difference among Istanbul housing projects. The project which bears the signature of a reliable construction company provides the opportunity to make easy investments with suitable payment terms. The housing project gathers investors with their dreamy life with its modern architecture, innovative design that keeps track of time and multiple housing options. It will also show its unique style among other housing projects in the region.

The project which includes 882 apartments and 19 offices, consists of 10 blocks. Spacious apartments await investors in the project which has a very large land of 210,000 sqm. Moreover, with the project developed in a very central location, you can easily reach anywhere you want and save your time.

The project: Touch The Nature in The City Center!

The project will always make the investors feel in nature with its green areas in the city center. The construction company which is among Istanbul housing projects marks its name with the project in Bahcelievler. Besides, the project will add a different perspective to Bahcelievler which is one of the most preferred living areas in Istanbul. Thanks to the project which provides the opportunity to make an easy and valuable investment with favorable payment terms, you will always enjoy gaining.

The apartments have a specially designed landscape area of 40.000 sqm. You and your loved ones will experience the privilege of being in nature. Your life will be reshaped with the project that will allow you to get away from the stifling and stressful life of the city.

The project also has the Foldhome application which is one of the most important features of the construction company. With its social areas that will only belong to you and your loved ones, you can rent as you wish. The project is waiting for investors who will turn your home into a social living space.

Social Areas in The Project

FAMILY CONCEPT PROJECT GUNGOREN/ISTANBUL $400,000

The project responds to the requests and needs of the investors by designing more livable areas from the ground floor to the terrace. The construction company gathers the apartments with its investors in Bahcelievler. Your living standards will increase with the project that offers a green life in the city center. So, every day will be peaceful in the project. It shows its difference among Istanbul housing projects with specially designed landscaping areas, floor gardens and pools.

A brand-new world awaits you with recreational areas, sports areas and a pool. These facilities are right between all blocks in the project which consists of 10 blocks in total. The construction company considers your children as much as you do. So, street playgrounds, kids club and treehouses awaiting them in the project. The apartments promise happiness to their investors.
